### The Agreement

#### Vision

At Kings Worthy Primary School, our vision as the staff and governors is to provide an exemplary education for all of our pupils, so that they can be successful learners and are equipped with the knowledge, skills and attitudes they need for the world in which they live. Our school is a caring place where all pupils and adults are valued and respected. We believe that all of the pupils should enjoy their learning, and we are committed to providing a safe, stimulating and motivating learning environment. We encourage and value the pupils to 'be the best they can be' in their academic, creative, emotional and social, physical, moral and spiritual development so that they can make a contribution to society in adulthood. We believe effective partnerships are central to the success of our school and promote the engagement of all parents in their children's learning. We encourage strong links with the wider community and seek to develop the children's understanding of their role within it.
