

Good afternoon,

This June the Winchester College maths department will be running a series of four sessions to help enthusiastic pupils in year 5 prepare for the Primary Maths Challenge.

The Primary Maths Challenge (<http://www.primarymathschallenge.org.uk/>) is run by the Mathematical Association and takes place in the Autumn. Pupils not able to sit the Challenge in their primary schools will have the opportunity to sit it at Winchester College.

Primary Maths Challenge - Primary Mathematics Challenge

www.primarymathschallenge.org.uk

Sessions will be from 16.00-17.00 each Thursday in June (7, 14, 21, 28).

The sessions are free but places are limited. The aim of the sessions is to stretch and challenge students who enjoy mathematics.

For more details, or to apply for a place please click on the link at the bottom of this message.

Best wishes,

Dominic Rowland and Maria Zampeta
