

The Kings Worthy Reading Trail

To begin this 2023-2024 academic year, we have organised another reading challenge. After a successful few years of our Book Bingo we have changed the challenge slightly compared to previous years.

The Kings Worthy Reading Trail is a reading challenge for Years 1 - 6. There is a trail card for each child to complete. The aim is to complete the whole card. When they manage to complete the whole trail, they will be awarded with a certificate and sticker in celebration assembly and then given the next trail card which is progressively harder.

Over the whole year, the aim is for the children to complete five different trail cards from bronze to platinum to then gain their reading ambassador status. When the first trail card has been completed the children will receive a bronze sticker. The second trail card will be a silver sticker followed by gold, platinum and finishing with the Reading Ambassador trail card where they will have achieved their reading ambassador badge.

Underneath the trail card there is space for you to please date and sign when it is complete and then return to your child's teacher, the library, **Mrs Sibbons or Mrs Atkins**.

Your child will receive their bronze reading trail card in the next few days.

Good luck and happy reading!
